

Senior Manager/Director - Life Sciences, Strategy and Operations Team

Zürich

Our Client

With offices in 157 countries and more than 223,000 people, our client is among the leading professional services networks in the world. Our client helps organizations and individuals create the value they're looking for, by delivering quality in assurance, tax and advisory services.

Job Content

- We offer you the opportunity to take on responsibility for managing projects in large national and international transformation projects for leading companies in the life sciences industry.
- We count on you to contribute to developing and leading a world-class consulting team in a rapidly growing environment.
- We enable you to develop an international professional network.
- We support you in continuous learning on the job through interdisciplinary collaboration within our company as well as internal and external training.
- You will find a friendly, supportive, non-hierarchical work environment, committed to providing you with the professional development opportunities you seek.
- You will play a critical part in shaping the future for our clients.

Requirements

- You have a master's degree in a relevant subject and have gained a minimum of 8 years of relevant work experience, including at least 3-5 years in a management consultancy firm and in the life sciences industry.
- You have proven experience in leading and managing complex transformation projects in an international environment. You are an expert in developing creative, high-quality target operating models, and you provide guidance to clients on their business strategies.
- You have a strong and established network across the life sciences industry.
- You are passionate about building and leading a high-performing consulting team.
- You have strong analytical and project management skills, excellent interpersonal skills and you are proactive and enthusiastic about delivering value to clients.
- You are fluent in English and, ideally, in German or any additional European language, and you are flexible with regards to travelling
